## NDT Training Courses 2022

*“The National Centre for Non-Destructive Testing (NCNDT) of Sri Lanka Atomic Energy Board (SLAEB), is the only government institute offering a wide range of Non Destructive Testing (NDT) services. The prime objective of this centre is to provide training, certification and inspection services on NDT and related technologies as per international standards”.*

### OUR VISION

*“To be a centre of excellence with emphasis on national relevance and international recognition for activities related to Non Destructive Testing Technology”*

### OUR MISSION

*“Utilization of Non Destructive Testing Technology to its maximum potential with reference to enhancing the quality in a cost effective manner for socio-economic development of the country”*

### Available NDT Training Courses (ISO 9712:2012)

- Liquid Penetrant Testing (PT) : Level 1, 2, 3 & Direct Level 2
- Magnetic Particle Testing (MT) : Level 1, 2, 3 & Direct Level 2
- Ultrasonic Testing (UT) : Level 1, 2 & 3
- Radiographic Testing (RT) : Level 1, 2 & 3
- Eddy Current Testing (ET) : Level 1 & 2

### Newly Introducing Training Courses

- Tailor-made training courses for companies
- Thermography Testing Workshop
- Radiographic Interpretation Workshop

### How to Apply

Send the below mentioned documents at least 3 days before the starting date of the training course.

1. **Duly completed NDT Training Application Form + Eye Examination Report**
2. **Copy of G.C.E. A/L or Higher Educational Certificate**
